# Report of School Board.

---

To the citizens of Dorchester :

In presenting our annual report it is gratifying to say, with but few exceptions, that it has been a year of very good success and prosperity.

## DIVISION NO. 2.

Spring and Fall terms were both taught by Miss Jennie M. Muzzey of Groton, who has the many qualifications required for our best teachers. She worked faithfully for the advancement of the pupils and at the end of both terms the pupils showed a marked progress in their studies.

## DIVISION NO. 3.

This was formerly a union district, and the school is now conducted by the town of Groton. The pupils of this town in this division are provided for by paying a proportional part of the expense of the school in the district.

## DIVISION NO. 4.

Spring term was taught by Miss Katie E. Lary of Canaan. This is one of our smaller schools but when visiting this school we always found her hard at work, and scholars studious and apparently making good progress.

Fall term was taught by Miss Gertrude I. Dustin of Canaan. Although Miss Dustin is a young teacher, she worked hard with her pupils and made the school a success in every respect.

## DIVISION NO. 8.

There being no school house in this division, two terms were held at the house of W. R. Park, Jr., who kindly furnished wood and boarding of teachers, thereby prolonging the school. Two very successful terms were taught by graduates from the Normal school. The teachers were both hired by Mr. Park, and the district paid him the proportionate part of money for that division.

## DIVISION NO. 10.

Spring term was taught by Miss Mabel S. Wilkinson of this town. This is Miss Wilkinson's third term in this district, and she met with her usual good success.

Fall term was taught by Mrs. R. I. Rainey of Canaan. She is a teacher of considerable experience, and one who gains the respect and love of her pupils. There was order in the school room as well as in the studies.

HERMAN L. POQUETTE,	} School Board of Dorchester.
HERBERT E. FOLLANSBEE,	
HENRY M. MERRILL,	

## NORTH DORCHESTER OR UNION DISTRICT.

Spring term of four and two fifths weeks. School closed per order of Board of Health. Taught by Miss M. Fannie Hurley, a graduate of the training school of Rockland Mass. Said district school was daily attended by over twenty pupils (until sickness prevailed) and was a pronounced success, being taught by an experienced teacher, and with proper management. Said school was without doubt the best in many respects that said district has enjoyed for a number of years.

Miss Hurley enjoys the reputation of commanding the esteem, respect and admiration of her pupils and pupil's parents. Likewise members of the school board, who visited her school and was pleased to see a marked improvement in more ways than one, especially our most important studies that enlarge and en-

lighten our mind, thereby preparing us to solve problems, to overcome difficulties to be able to battle successfully with this wide and glorious world of ours, and to reach the height of ambition and glory, honor and position.

#### NORTH DORCHESTER OR UNION DISTRICT.

Second or Fall term of eleven weeks taught by Miss M. Fannie Hurley, who devoted herself faithfully to the pupils entrusted to her teaching, thereby gaining and retaining the confidence and good will of both pupils and public.

P. S. Having served you to the best of my knowledge and ability, and trusting the same will meet with your hearty approval, and that I may be able to help maintain a successful and not useless school, and to have the pleasure of serving you in the future, I remain your humble servant,

HERMAN L. POQUETT.

## Not Quantity But Quality !

When the quantity is ample, the quality of the best, and the price as low as you can ask, the requirements of the careful purchaser are complied with. Milton makes this his strong point, and in the purchase of Clothing, Dry Goods, Boots, Shoes, Etc, you will find it true. My line of Room Paper is the best in town. Don't forget that I will have a full stock of the old reliable Bradley Fertilizers.
